#### **DETAILS OF CB ON INVESTMENT & Comments:**

#### POM NO 09/28.11.18

Section 115 of the Orissa Municipal Act, 1950 provides that the municipality may invest any money not required for immediate expense, either in Govt. Security or in any other form with approval of the State Govt. Investment is an important source of generation of income.

In response to POM No 09/28.11.18 local authority replied that no reply investment was made during 2017-18.

It is a sorry state of affair that the municipality has not taken any step for keeping some investment for possible future necessity. The local authority including present council is advised to create funds for investment at least in the shape of a CORPSE FUND to meet any eventuality in future. Keeping this in view steps should be taken.

- 1. To increase its revenue income by exploring new areas of taxation.
- 2. Rationalize expenditures other than salary and infra structural building
- 3. Ensure early Assessment of holdings including new ones.

No reply was furnished by local authority as the local authority returned the POm Page 1 to 19 & balance is with the local authority till the closer of audit.

The outstanding advance position as on 31.03.18 paid during 2016-17 is Rs 3658400. out of this Rs 1000 outstanding advance of Nirakara Deep is adjusted in salary of Apr-2018 so the same amount is not surcharged here. During Exit Conference the local authority produced cash book entries showing adjustment of Rs 16,61,400.00 out of the above outstanding advances for the year 2016-17 which was verified and found correct. Hence the net surchargeable advance amount comes to Rs 19,96,000.00 ( 36,58,400.00 - 1,000.00 - 16,61,400.00 ) and hence the local authority is advised to make adjustment of those advances as soon as possible under intimation to audit. However, the said unadjusted advance amount of Rs 19,96,000.00 is now surcharged from the advance holder and the sanctioning authority in equal share. It is to be noted here that Rs 10500 outstanding amount of Abhimanyu Parida is not possible as the where about of the person concerned is not known. So the same is surcharged against the sanctioning authority.(srl Biswambara Mishra,EO).

As per Rule 173 of OGFR Vol-I,Utilization Certificate is to be submitted to the proper quarter by 30thJune of the succeeding year of expenditure. Again as per Para 5(1) of the OM No.21241/F dtd.17.7.2014 of Finance Department submission of U.C to the sanctioning authority is required in respect of those grant-in-aid or grant sanctioned for specific purposes wherein the sanction order specifically stipulates submission of such utilization certificate. In the absence of such specific stipulation for submission of U.C, submission of U.C is not necessary. As seen from the above table it was seen that the outstanding U.C position is increasing a lot from year to year. This is happening only due to the in action on utilisation of Govt. grants and submission of U.C after utilisation of grants. If the process will continue the municipality will loss its share for obtaining Govt. grant, for which the development of municipality with hamper a lot.

The yearwise break-up of outstanding UC position is furnished below

Each circle shall be numbered and a tax collector shall be appointed in charge of one or more circles. The OM Act 1950 stipulated u/s 158 that notification shall be made and posted in the office of municipality declaring days and time for receipt of taxes u/s 159(2) any tax on the annual value of holdings shall be payable quarterly installment and every such installment shall deemed to be due on the first day of the quarter in respect of which payable u/s 159-A(1)&(2) a resolution may be passed in the municipal council to grant a rebate in respect of tax paid within stipulated period i.e. the rebate may be allowed not exceeding 10 percent (paid within 30 days) and 5 percent (paid beyond 30 days& paid within 60 days) and the municipality may in like manner provide for grant rebate at such percentage not exceeding 20% for the tax due for any year paid before 30th April and not exceeding 10 percent where it is paid on or before

Also as per Rule-201(2) and Rule-202 of O.M Rules 1953,the municipality may establish a system of reward and punishment to tax collector to ensure best results in collection of tax.

On checking receipt book of holding tax and from the information furnished to audit by the local authority it was revealed that Bhawanipatna Municipality consists of 20 wards and no specific circle exists for collection of taxes. The taxes are collected ward wise by engaging tax collectors. The taxes are received throughout the year and no notification has been made declaring days and time for receipt of taxes. No computer data base has been made relating to assessment of holding tax, number of holdings, demand of tax ,collection of tax and arrears of taxes outstanding for collection. As such the collection process is not systematic and target oriented .This has resulted in low percentage of collection leading to high accumulation of arrear dues. The details of demand, collection & percentage of collection are furnished below.

In course of audit it was noticed that in last audit report -ve balance in the balance amount which is quite impossible, as in no way the collection exceeds the demand. In order to asceratin the position the last 3 audit reports were verified. In the DCB position of 2015-16 some lapses was noticed in transfer of previous year demand. Accordingly changes have been made without affecting the demand &collection position. The new DCB position of 2017-18 is prepared on the basis of rectified DCB position. Details of the same is furnished in Para 18.3 of this report.

In this way the balance amount is Rs 558000+Rs 608000= Rs 1166000 which was not collected. Why the same will not suggested for recovery treating the same as loss of the institution.

On further scrutiny it was noticed that besides these balance she was directed to continue the lease for the year 2018-19 though she was defaulter during 2017-18. Instead of fresh tender she was directed to continue the lease of market.

During Exit Conference the local authority replied that, out of Rs 11,66,000/-, a sum of Rs 6,94,000.00 has already been collected during 2017-18 and Rs 4,72,000.00 during the current financial year 2018-19.

But the collection of the same could not be assured due to non-exhibition of year of auction in the receipt. However, the authority need to

ensure maintenance of DCB of lease deeds for all the yester years and assure the position and compliance reported.

During Exit Conference the local authority replied that, the HSD stock has already been accounted for. But the reply is not justified as the same could not be produced for verification during the course of audit and it is impossible to verify the same during Exit Conference which might have mutilated. Hence the authority required to recover the amount as suggested in audit.

Since the drivers are private persons so the surcharge is made against the EO concerned.

## 13.11 - Holding tax on railway land POM NO 02/01.11.18

As per provisions contained under Section 131(2)(b) of the OM Act, 1950, municipality shall levy holding tax on annual value of railway lands situated within the municipalities which are not used exclusively for agricultural purposes and are not occupied by or adjacent and appurtenant to any buildings. As per Rule 518(1) of OM Rules, 1953 the annual value was to be determined by a committee consisting of the Executive Officer, the Collector of the district and one representative of the Railway authority. As per Rule 518(10) of OM Rules, 1953, if the committee does not complete the valuation of any railway lands before the commencement of the half-year, with effect from which they are to be assessed or their assessment is to be revised, the Executive Officer may assess them according to the prevailing market value in case the lands are to be assessed for the first time and in accordance with the existing valuation in the case of other lands, and shall be entitled to collect the tax on the basis of such assessment pending the valuation of the said lands by the committee. Rule-519: determination of Annual value of land, Rule-520: determination of capital value of land. As per Section 131 (3) (a) of the OM Act, 1950, the holding tax was to be levied on the lands situated within the municipal area and used exclusively for agricultural purposes.

During Exit Conference the local authority replied that, there is no railway land within the jurisdiction of the municipality. The reply of the authority is found genuine and hence the para is dropped.

#### 13.12 - ASSESSMENT OF NEW HOLDING/ RE-ASSESMENT POM NO 18/26.12.18

As per sec 143 the VO determine the annual value of all holdings within newly constituted municipality and prepare a valuation list.

As per sec 143-A of OM Act 1950 the EO of the municipality shall, until the appointment of VO thereof, exercise the power and perform the duties of VO in respect of municipality.

But during 2017-18 neither a single new assessment nor a re-assessment has been done. it leads to loss of municipal fund.

During Exit Conference the local authority replied that, assessment / re-assessment is going on regularly which was also done during 2017-18 but collection according to the revised value is made with effect from the year 2018-19. The reply of the EO is found correct with reference to records and hence the para is dropped.

## 13.13 - LOSS OF REVENUE DUE TO DELAY IN REVISION OF HOLDING TAX POM NO 18/26.12.18

It was noticed that the last assessment of the holding was made in the year 1996 which is still in force. Although there is provision for revision of assessment in every five years interval it has not been done even though 10 years time has already been elapsed in the mean time. Since the holding tax is one of the primary sources of income of the municipality ,every care should be taken to get the assessment done in due time so that a legitimate increase in its income could have ensured.

In response to audit objection memo the local authority replied that the audit remarks are noted for future guidance. Govt. in H & UD dept. has already conferred power to ULB after 1996 towards assessment /revision and implementation of taxes in all the residential & commercial building lying within the ULB area. We are also doing the above work in respect of ULBs. Hence the local authority is advised to initiate the process by moving the matter to valuation dep't pending assessment done by valuation dept ,an interim assessment may be done as per rule in order to acclimatize the holding owners to new assessment structure.

During Exit Conference the local authority replied that, Assessment / Revision of Holding Tax is done continuously from the year 1996-97 to till date as per rule. Hence basing on the replies of the authority the para is dropped.

#### 13.15 - Distressed warrant - POM NO 09/28.11.18

As per Section 161(1) of the Odisha Municipal Act,1950 if the sum is due on account of any tax is not paid within 61 days from the date on which it became due, the EO shall cause to be served on the person liable to pay the same a notice in the prescribed form. If still the dues are not collected, the municipality is armed with Section 162 of the Act to levy by distress and sale of any movable properties belonging to the defaulters wherever found, or of any movable property belonging to any other person which may be found within the holding in respect of which such defaulter is liable to such tax. In spite of all these provisions under section 161(1),162,163,164,165 & 166,if the municipality fails to realize the arrear tax by distress and sale, according to Section 169 the municipality may at any time apply to the district Collector for the recovery of the whole or any part of any arrears as an arrears of land revenue. Again as per section 170 of the Act, the municipality instead of proceeding by distress and sale or in case of failure to realize the whole or any part of any tax, the municipality may issue the person liable to pay the same in any court of competent jurisdiction. Further it was found that through the system of penalty was there, yet there was no dictation of breach of tax Rule as per Rule 553 of the OM Rules 1953 and no legal steps has been under taken against the liable holding persons. Whether during 2017-18 any distressed warrant has been issued or not. If yes then details of the same & if not the reason there of may be furnished to audit for verification.

During Exit Conference the local authority replied that, Instruction noted. However, the authority is required to act according to the provisions under the O M Act, 1950.

#### 13.16 - New assessment - POM NO 09/28.11.18

Holding related taxes such as holding, lighting, drainage and water taxes formed the major source of revenue of the ULBs. These taxes were levied as per the powers vested with the ULBs under Section 131 of OM Act as a percentage of annual value of holdings, which

was determined under Section 137 of the Act. The guiding principle for levy of any tax is that it should be commensurate with the expenses incurred for providing the services. As per the provisions of OM Act under section 146, the annual value of the holdings should be revised at an interval of every five years by the ULBs adopting the latest schedule of rates of PWD. Scrutiny of records of the test checked ULBs revealed that they were totally dependent on the valuation team of H&UD Department for fixation of annual value of holdings which resulted in delay of revision & consequently in loss of revenue to the ULBs. As there was increase in the cost of services provided by the ULBs to the people, the non-revision of annual value in time affected the quality of the services. It was noticed that the last assessment of the holding was made in the year 1996 which is still in force. Although there is provision for revision of assessment in every five years interval it has not been done even though 10 years time has already been elapsed in the mean time. Since the holding tax is one of the primary sources of income of the municipality ,every care should be taken to get the assessment done in due time so that a legitimate increase in its income could have ensured. As per Section 146 of Odisha Municipal Act, 1950, new valuation and assessment list should be prepared once in every five years. Further, holding tax is determined on the basis of annual value of the property calculated on the basis of the construction cost of the building and a reasonable ground rent for the land on which the building is situated. As per Section 143-A of the Odisha Municipal Act, 1950, the Executive Officer of the U.L.B. concerned shall, until the appointment of a Valuation Officer thereof, exercise the powers and performs the duties of the Valuation Officer in respect of that ULB.

During Exit Conference the local authority replied that, New assessment on Holding tax is going on regularly and accordingly holding tax is being imposed on all newly constructed residential and commercial buildings as per rule. Hence basing on the replies of the authority the para is dropped.

During Exit Conference the local authority replied that, the Medical Allowance of Rs 100/- each per month is paid to the Regular employees as Kalahandi is a malaria prone area and accordingly the Municipal council is pleased to sanction the same. There are so many instances of sanction of the same in Kalahandi district and as such the para may be dropped.

There is no such provision made by the Govt for payment of medical allowance in a regular

monthly basis besides the reimbursement of cost of medicine used by staff during the period of illness. Hence the para stands for recovery.

Since the EO & chair person have sanctioned the same both were held responsible for the same

During Exit Conference the local authority replied that, the amount was paid towards transportation of garbage and debris generated during execution of the said work because there was no suitable place within 50 mtr at nearby area for disposal of the same as per provision laid down in the OPWD code. Accordingly it is not excess payment of unloading cost for excavation work, rather payment of transportation cost of debris through hired vehicle. Hence the para may be dropped.

Excess payment in those work was detected due to not deducting loading charge from the transportation charge / lead of the material for 5 km and hence the reply of the local authority is not genuine and as such the para stands.

## PARA: 19 AUDIT OF LOAN/DEPOSITS/CPF INCLUDING POSITIONS

## 19.1 - Remittance of Govt dues - POM NO 17/24.12.18

As per Rule 141 of the Odisha Municipal Rules,1953 a "Deposit Ledger" (Form no.-XX) and as per Rule 143 of the Odisha Municipal Rules,1953 at the close of every quarter a list of outstanding deposits (Form no.-XXI) are to be maintained. As enquired the deposit ledger in prescribed format has not been maintained. Due to non maintenance of such deposit ledger the local authority has not been able to find out the outstanding dues to be deposited by the end of the financial year. This resulted in pending of GOVT dues as detected in audit had this ledger been maintained and d this arrear accumulation would not have taken place and the GOVT dues would have been properly deposited in time. To be more specific on the matter the amount relating to Royalty and cess ought to have been deposited every month without pending for years. This is highly irregular. The local authority should pay focal attention in future for deposit of Govt. dues in time.

#### 19.2 - NSDP Ioan - POM NO 17/24.12.18

As per Rule 149 of the Odisha Municipal Rules 1953 a loan register is to be maintained. (Form no.-XXVII). Further Rule 150 of the Odisha Municipal Rules 1953 envisages that the loan amount shall not be appropriated even temporarily to any object other than that for which the loan was raised. The position of loan received and repaid during the year 2017-18 is furnished below.

| Particulars   | PRINCIPAL | INTEREST | TOTAL   |
|---|-----------|----------|---------|
| Loan outstanding for recovery as on 1.4.17                  | 5163955   | 907042   | 6070997 |
| The amount due for 2017-18                                  | 0         | 941042   | 941042  |
| Total   | 5163955   | 1848684  | 7012639 |
| Repayment of loan made during the year 2017-18              | 0         | 0        | 0       |
| Balance for loan outstanding for repayment as on 31.03.2018 | 5163955   | 1848684  | 7012639 |

The above statement of the loan position reveals that the outstanding amount due for realisation is increasing every year due to non realisation of either principal amount or the interest due from the loonies. The loan does not give clear picture of the beneficiary loonies due to non updating of individual loan account..The inaction of the local authority has indirectly encouraged the loonies to remain in stiith. Therefore the amount is tending towards risky loan which may be converted to a loss. Hence necessary early steps may be taken by the local authority to affect the recovery from the loonies to compensate the loss of Govt. money & compliance reported.

During Exit Conference the EO replied that, all the loan amount has been repaid to Govt by way of deduction from the grants of the Municipality.

The local authority need to work out and prepare a loan register showing all details of loan received and repaid along with the interest dues and produce the same before audit for rectification of the balance figures.

#### PARA: 20 RESULT OF AUDIT AND CONCLUSION

#### 20.1 - Remarks On Maintenace of Account

The state of maintenance of accounts needs drastic improvement. The authority is advised to take prompt steps for the same.

#### 20.2 - General Remarks

The state of maintenance of books of accounts, records and registers of the Municipality is not satisfactory.

Financial transactions have not been regulated in accordance with the budgetary provisions.

Advances to the tune of Rs. 17182009.28 has not been adjusted at the end of the financial year. Grants have not been utilized promptly due to which huge balance of unspent grants for amounting Rs. 133226482.00 is lying at the end of the fiscal 17-18.

Pace of submission of U.C. is also not accelerated, as a result pendency of huge amount of UC is waiting for clearance.

Collection of statutory taxes has not been expedited and enhanced the Revenue of the Municipality. Codal provisions have not been adopted to collect huge outstanding balance of arrear dues of holding tax, for which an innovative measure should be adopted by the Municipality Authority.

Outstanding loans have not been yet redeemed.

Several important accounts, and registers such as CPF cash book, outstanding ledger of advances, outstanding register of deposits, and advances, D.C.B .register of rent & fixed demands. register of utilization of grants etc. have not been maintained properly and up-dated. Hence much and more efforts should be taken by the Municipality authority to bring a reform not only in the state of collection of taxes and management of financial policies, but also to revive the state of maintenance of accounts, records and registers of the Municipality, as prescribed in OMC Rule-1953 to make the accounts of each and every individual section convenient, lucid and clear so that a steady reference can be achieved on a particular subject/account as and when required.

Hence the Local Authority is suggested to emphasis the following tips in order to achieve a magnificent account as well as performances in streamlining the provisions as made by the Govt. from time to time to provide better service delivery system to Urban people.

- 1. Consider preparing of annual budget keeping in view the actual requirement of funds and their utilization for developmental projects.
- 2. Ensure monthly reconciliation of cash book balance with that of pass book balance of Banks and maintain the records up dated regularly to solve future complications.

- 3. Ensure prompt and effective action for adjustment/recoupment of the outstanding advances and submission of pending U.Cs.
- 4. Ensure financial discipline and strengthen monitoring mechanism by putting an internal control system and its proper functioning.
- 5. Ensure prompt and punctual planning to accelerate the expenditure of huge unspent govt. grants.
- 6. Attend advice and suggestions of controlling and higher supervisory authorities punctually.
- 7. Ensure proper training to staffs associated with accounts. Suitable cadre on accounts may be created for the Cashier and Accountant in the Municipality.
- 8. Proper and timely maintenance of accounts and returns.
- 9. Submit proper compliance to outstanding audit paragraphs for their early settlement.
- 10. The unspent grant position is alarmingly high. As per Rule 171 (2) of D.G.F.R., unless it is otherwise ordered by Government, the grant will be spent upon the object within a reasonable time, if no time-limit has been fixed by the sanctioning authority. As per Rule 171 (3) (a) of D.G.F.R., the expression 'reasonable time' should ordinarily be interpreted to mean one year from the date of issue of the letter sanctioning the grant even though the period extends beyond the financial year. Immediately on the expiry of the period of one year from the date of sanction, any unspent balance out of the grant should be duly surrendered to government.

During Exit Conference the EO replied to have noted the same for guidance.

The local authority need to follow the audit suggestions in order to ensure a better shape of accounts.

As a result of this Audit transactions involving a sum of Rs 16910374.00 are held under objection which include an amount of Rs 7367981.00 suggested for recovery. Besides, a sum of Rs 238296 was recovered at the instance of audit. The details are furnished in the following tables.
